

Employee FAQ and Onboarding Guide

Common questions for new employees and interns

DEMO DOCUMENT — Fictional company and policies created for testing DocuMind AI. Not legal, HR, or security advice.

1. Before Your First Day

New employees should provide required joining documents to HR through the approved channel, review their employment agreement, and complete any required background or identity verification.

IT prepares the work account and assigned equipment. Employees should never send passwords to HR or managers.

2. First Week Checklist

Meet your manager and team, review the role expectations, configure multi-factor authentication, complete security training, and learn how to use the attendance and leave systems.

Read the company policy handbook and ask HR about any unclear policy or benefit eligibility.

3. Common Questions

Q: What are the standard working hours? A: Monday to Friday, 9:30 AM to 6:30 PM, including a one-hour lunch break, unless the team has an approved alternative.

Q: How do I request annual leave? A: Submit the dates through the HR portal at least five working days in advance and wait for manager approval.

Q: Who should I contact if my laptop is lost? A: Contact IT immediately and inform your manager.

Q: Where should I report a suspicious email? A: Report it to the IT security contact and do not click links or open unexpected attachments.

Q: Can I upload confidential customer data to a public AI tool? A: No, not unless the service and use case have been explicitly approved.

Q: What is the sample annual learning allowance? A: Up to INR 12,000 per calendar year for approved job-related learning expenses, subject to eligibility and receipts.

4. Contacts and Escalation

For leave balances, benefits, or employment documentation, contact Human Resources.

For laptop, account, software, or access problems, contact IT Support.

For suspected security incidents, contact the IT security team immediately.

For workload priorities, role expectations, or team scheduling, speak with your manager.

5. Onboarding Milestones

Day 1: account access, equipment setup, team introduction, and policy review.

Week 1: security training, development environment setup, and first task discussion.

First 30 days: regular manager check-ins, role goals, and feedback on onboarding.
